Hellmuths To Observe Their Golden Day
With Open House Sunday, May 16CAR INJURY TO
LOCAL WOMEN

Mrs. Ruth Sluiter of Lincoln Estates and Mrs. Agnes Kluth of that locale, were injured in an auto accident Monday morning, May 10th at 6:00 a.m. when a car, driven by Mrs. Wilma Jean Horn struck the back of Mrs. Sluiter's car and threw Mrs. Kluth out onto the pavement.

Mrs. Sluiter, who is employed at the Ford company in Chicago, was pulling into her driveway with Mrs. Kluth, her baby sister, when Mrs. Horn, who had spent Mother's Day in Indiana and was on her way home to Mendota, crashed into the rear of the Sluiter car, causing sufficient damage to both cars involved to warrant having the cars transported to Joliet for repair.

Mrs. Horn's car, which was reportedly travelling at high speed, ran on about 200 feet and struck a culvert, following the initial crash.

Both Mrs. Sluiter and Mrs. Kluth were taken to Hedges Clinic in Frankfort for treatment. There it was found that Mrs. Kluth had sustained a slight head concussion and a cut near the eye which required one suture. Mrs. Sluiter's back and shoulder were bruised, but there appeared to be no fractures.

The State Police were called to the scene of the accident, but no resulting charges appear to have been made. Mrs. Horn continued her trip home later in the day.

Awards Come to
Local Women

by Helen Baird La Monte

Before the editor blue pencils this item. We want to tell every one that Margaret Semmler publisher of this paper, won an award for the best material published during the year of 1951 in the field of news, story feature, column, poetry etc. given by the Illinois Women's Press association of which she is a member. Her editorial in weekly division, "Private Enterprise Could Do Better Job with Post Office" was published July 30, 1951. Mrs. Semmler has won similar awards before.

Also winning an award from this area was Ada Lambrecht society editor, Chicago Heights Star, Frankfort, for a feature article published in that paper. There were 13 other winners in the Chicagoland area and in national magazines.

Judges were Mildred Bruder director of public relations of the Chicago library; Lucille Parollo, president, Woman's National Book association and author, Alberita Semrad, author and free lance writer.

The awards were presented by Kathryn Winslow, contest chairman at the award dinner held at the Cordon club in Chicago Wednesday evening.

The Tired Mail Box

by Mrs. Glenn W. Folkers
Sometimes it doesn't take a tea leaf reader to see a fellow's qualities and habits. Sometimes a mail box will reveal them just as clearly.

Rural residents may not fully realize the importance of the looks of their mail box. Of course they do appreciate the importance of it as a convenience and necessity but maybe their contemplation of the old reliable tin box stops right there. Each year the Post Office department designates a week in May as "Rural Mail Box Improvement Week," just to help people remember that box and to become conscious of it as a visible thing. Postmaster General Arthur B. Summerfield has designated the week of May 17, 1954 as the "clean and fix up week".

In the city or town, a mail box is of standard make, usually blending in with the front of

Mokena Scouts Are
Set For Camporee

The boy scouts of troop 40 of Mokena are making final plans for their entry in the Council-wide Camporee, May 21, 22, 23. They will challenge the district to break with brute strength the rope they will make at Camporee between 2-4 pm. Saturday May 22.

During the next two weeks Art's Dog House (the scoutmaster's garage) will be humming with activity. Different groups of scouts will meet and work with their projects, repairing and selecting miscellaneous pieces of new equipment.

The Camporee will be held at Delwood Park, located on the south edge of Lockport on U. S. highway 7. The parents and general public are invited to attend the affair on Saturday afternoon from 2 to 4 p.m. to see the Scoutcraft demonstrations in the campsites. Parents may also plan to hold picnic dinner on the grounds.

Pot Luck Supper
And Silent Auction

The WSCS of the Mokena church will sponsor a pot luck supper for the members and friends of the church. A silent auction will follow the supper which will be held in the Cooper and Hostart garage Friday evening May 22 starting at 6:30 o'clock.

Anyone having articles for the auction are asked to contact Mrs. Roy Erdmann at her home on Front street or Mrs. Barney Hostert, telephone Mokena 2362.

All articles will be appreciated. Each attending the supper are asked to bring a dish to pass and their table service.

The purpose is twofold: church fellowship and to add to the WSCS's treasury.

To Register For
Girl Scout Camp at
Mokena School Fri.

Day camp registration for the Girl Scouts of the Mokena-Frankfort area will be taken at the Mokena public school Friday, May 14 between noon and 12:15 p.m. Mrs. Wesley Capel will register the girls. Please bring your green registration card from the back cover of the camp bulletin you have received. The registration fee for each scout will be \$2.00.

Camp will be held at our Mokena park again this year, or June 15-16-17 and the following week on June 22-23-24. Mrs. Norman Bradley of Frankfort is camp chairman and Mrs. Arthur Shoop of Mokena is camp director. Approximately 100 girls are expected to attend. All volunteers who can help in any way will be appreciated.

Mrs. Arthur Shoop, director will conduct a pre-camp training course at the camp site on June 10 and 11. More information will be announced soon. %

Nurses to Hold
Auction Sale Sat.

The freshman class of the Silvester Cross hospital nurses will conduct an auction Saturday afternoon at 1 o'clock at the old entrance of the hospital on Eagle street. The funds from the sale will be used to replenish the class treasury.

The girls have been fortunate in receiving many new articles as well as used ones and it is expected this will help to make the sale a success.

Doris Cummings and Rita Werner, of Mokena class members have been busy selling tickets.

L-W HI SCHOOL
ENGAGES THREE
MORE TEACH'RS

Mr. Robert Taylor of Bement Illinois will be the new band director, and chairman of the music department of the Lincoln-Way Community high school. He will be in charge of the entire instrumental program, including the high school orchestra.

Mr. Taylor has been the director of the instrumental program in the Bement Community district during the past eight years. Previously, he had one year's experience in the Winchester, Illinois Community High school, before his induction into the army. During his 27 months in service, Mr. Taylor played in several of the army bands. Taylor's home originally was in Beardstown, where he served several summers as director of their municipal band.

Mr. Taylor graduated from Vandercook School of Music, receiving his B. M. degree. While

Robert Taylor

attending this school, he studied under such noted music educators as H. A. Vandercook, G. E. Holmes, Clifford P. Lilly, and H. E. Nutt. Currently, Mr. Taylor is finishing his M. M. E. degree from James Milliken university. At the time he attended school in Chicago, he resided in Frankfort.

The board of education is anxious to have the band program operate during part of the summer vacation period. The new instructor will begin his duties about July 1.

Biology-General
Science Teacher

Sgt. Charles Ellerman, of Ft. Leonard Wood, Mo., was employed at the last meeting of the Lincoln-Way high school board of education. Ellerman attended Loyola university two years and received his B. S. degree from the University of Illinois. His M. S. degree was also received from Illinois in addition to two years of post graduate work leading to his Ph. D. During this period he taught chemistry and biology at the University.

Sgt. Ellerman has completed 103 college hours in various science courses, majoring in biological science. In addition to his regular college work, he has completed 5 semesters in research, and his master's thesis was published in the Anatomical Record, v. 103, no. 3, Nov. 1950. In conjunction with Mr. Alvin Gaines, Ellerman made a complete listing of parasitized birds for Dr. Jean Baer, who is the president of the University of Neuchâtel, Switzerland. He had several other articles published in the American Anatomical Journal.

Ellerman will be released from the army in July, and will move to the community shortly after that time. Mrs. Ellerman is also a Biology teacher, and is presently employed in the Rolla, Missouri high school.

Frosh-Soph
Athletic Coach

Dean Riley was employed for the freshmen-sophomore coaching position, and will teach a full schedule in mathematics.

Riley is a graduate of the Ottawa high school, and received both his B. S. and M. S. degrees from Western Illinois State college. He was an outstanding athlete in both of these schools, being a regular of the varsity football team for three years. He has two years of experience, one as assistant coach at the Western High school in Macomb, and is presently serving as head coach at Malden.

Mr. Riley is married and has two children.

Last Rites for H.
Bettenhausen Friday

Henry Bettenhausen, 71, of Green Garden township, died Tuesday in St. Joseph's hospital Joliet where he had been a patient for the past seven weeks. He had been ill since January.

Born May 1, 1873, the son of the late Mr. and Mrs. John E. Bettenhausen, on a farm in Manhattan township, he was united in marriage with Miss Minnie Werner April 21, 1909 and went to housekeeping on a farm on route 45, one mile north of Andres where he has lived since. His wife died in 1949. He was a director of the Wilton Grain Co. for 18 years and at the time of his death was a trustee and Communion steward of the Green Garden Methodist church.

Surviving are two daughters, Mildred, Mrs. Fred Diment, Andres and Miss Esther at home two sons, Emory and Raymond Andres, seven grandchildren and three brothers, William H. of Green Garden and Fred and Elmer of Manhattan where friends may call. Funeral services will be held Friday afternoon at 2 o'clock in the Green Garden Methodist church with Rev. D. B. Munson officiating. Burial will be in the church cemetery.

MARTHA LOGAN
AT FRANKFORT
SCHOOL MAY 25

Martha Logan, famous home economist for Swift and Company, will present her cooking school at the Frankfort Grade School Auditorium Tuesday, May 25 at 7:30 p.m.

Miss Logan has presented the cooking school in all parts of the country and has met with enthusiasm everywhere. Her following is legion. She will be interviewed at Station WJOL.

Martha Logan

Joliet, Friday, May 21 at 10:30 a.m. by Miss Lois Zarley, Editor of the Social Column of the air. The cooking school in this area is being sponsored by Melcher's Clover Farm store, Frankfort and Swift and Company. Mr. Melcher has arranged for the PTA of Frankfort, Mokena New Lenox and Manhattan to sell tickets for this event and those organizations will be recipients of all proceeds. Each person present at the school will be given a recipe booklet.

CONTRACT LET
FOR MOKENA
METH. CHURCH

The bids for the new chapel of the addition to the Mokena Methodist church was opened last Tuesday evening by the building committee. After careful deliberation the contract was let to Philip Hacker of Mokena. His bid was around \$20,000. This is just for the shell of the proposed building and the connecting hall into the present church. It is expected to have this much of the work as called for in the bids, completed by the latter part of July this year.

Those who have worked so faithfully for this much needed improvement are happy over this added step. When the project is all completed it will relieve the crowded condition and give additional room for church service and functions.

Korean Veteran
Dies in Sunday
Gun Tragedy

Edward J. Golden, Jr., Korean veteran, Alpine, who has been assisting his parents, Mr. and Mrs. Edward J. Golden, Sr. on the family farm since his return from overseas, August 7, 1952, was found in his bedroom dead from a gunshot wound in his head, on Sunday, May 9. The tragedy was discovered by his mother, about 10:00 a.m., on Mother's Day.

The 25 year old youth had reportedly been despondent since his return from the armed services.

Following an inquest held at the Schmaedeke funeral home in Orland Park, a verdict of death by gunshot wound, self inflicted, was allegedly given.

Young Golden is survived by his parents, the Senior Golden's sister Virginia Thomas, A 3-c Richard, USA, Pfc. Eugene USA, and Pfc. John, USMC.

Funeral services were held this morning, May 13, at 10:00 A. M. in St. Michael's church. Interment was at Holy Sepulchre.

Clarence Rowleys
Observe Golden
Wedding Anniv.

Approximately 175 guests attended the reception in the Elmer Rowley home the afternoon and evening of May 2, in celebration of the 50th wedding anniversary of Mr. and Mrs. Clarence G. Rowley. Bruce road Homer township. Assisting with the receiving were Mr. and Mrs. Elmer Rowley, Mrs. Marie Ott and Mrs. Laverne Kasper.

Dainty refreshments were served from a lace covered table in the dining room of the home with the couple's granddaughter helping with the serving. The table was adorned with candles and flowers and centered by a unique gold and white cake in the shape of a "50", which was made by Mrs. William Rutter, a granddaughter. Presiding at intervals over the silver coffee service were Mrs. Rowley's sisters, Mrs. Bell Storm, Mrs. Fred Kopleman and Mrs. Henry Rodgers and Mr. Rowley's sister in law, Mrs. Delbert Rowley.

The house was lovely with flowers and potted plants which were gifts to the celebrants. There were also gifts of money and many beautiful articles.

Among the congratulatory cards was one from Gov. Stratton and a duplicate of the fifty year old wedding license sent by County Clerk Joseph Hartley, from the court house.

Guests were present from Chicago, Plainfield, Rolla, Marley Lockport, Homer Twp., Joliet, New Lenox and from California. The couple's three great grandchildren were also present.

MEETING AT JOLIET ATTENDED
BY AREA REPRESENTATIVES

Would Include New Lenox, Frankfort,
Mokena; Less Cost to Develop

Mayor John Scarth of Mokena and William Blaha, of Sunny Acres, attended a meeting Tuesday night in the home of Dr. James D. Rogers, 1425 Taylor street, Joliet, of representative of adjoining communities of Joliet. Dr. Rogers heads a special committee of the Joliet Chamber of Commerce which has been studying the proposed Joliet sewage treatment plant for more than a year. Mr. Scarth also reported back to Mayor Sangmeister of Frankfort who was unable to attend.

Because several neighboring areas have been contemplating building their own systems, the construction of the Joliet plant is being planned to postpone it until expression can be gained from these outlying areas, in the event it should be wise to include all into what then would be a sanitary district. Therefore the meeting Tuesday night

Some such outlying areas have installed their own local sanitary system which the state has declared to be improperly installed and which the state is now forcing correction with a heavy fine.

At present a proposed sanitary district could include Dellwood Highlands and the Hickory creek section which comprises Ingalls Park, New Lenox Mokena and Frankfort, besides Joliet.

At the meeting it was explained that the legislature passed a law in 1917 providing for the creation of sanitary districts. Taking advantage of that law at once were the cities of Decatur forming their district in 1917, Bloomington, Normal and El Paso, 1919; Bloom township Park Forest, Chicago Heights and South Chicago in 1923; Indian boundary. Homewood Markham and Forest in 1927. Lincoln highway district at Matteson, Olympic Fields and Rich ton Park in 1925 and Wheaton in 1924. In all there are now 29 such sanitary districts in the state who have taken advantage of this act.

The Sanitary district allows the construction and maintenance of disposal plants and trunk lines. The individual lot owner will pay for the title in front of his property to connect with the disposal plant trunk line. This is all the property owner will pay outside of the tax

Janet Warning Becomes Bride of Harry
Gougar in New Lenox Church Ceremony

Bouquets of varied colored gladioli and greenery decorated the altar of the Methodist church in New Lenox, Saturday night May 1, for the marriage of Miss Janet Mae Warning and Harry W. Gougar. Officiating at the double ring candlelight ceremony at 7 o'clock was Rev. Ralph L. Miller.

The new bride is the daughter of Mr. and Mrs. Elmer Warning of New Lenox. The groom is the son of Mr. and Mrs. Walter B. Gougar, Sr.

Traditional organ music was presented throughout the ceremony by Mrs. Leonard Warning. Mr. Warning gave his daughter in marriage.

Her bridal gown was of Char tily lace over satin, her hoop skirt was fashioned with three tiers of lace. The tight fitted bodice was lined with tiny buttons down the back to the waist, and featured a Queen Victoria collar. Long tight fitted sleeves came to points at the wrist. Her head crown was of rhinestone and seed pearls, and her veil was finger tip length. She wore a silver and rhinestone brooch the gift of the groom. She carried a bouquet of white orchids surrounded by lilies of the valley.

Miss Mary Jane Gougar was maid of honor and wore a nil green net and lace over taffeta gown with ruffled skirt and bolero jacket. Her matching head band was of net.

Miss Lucille Morrilli and Mrs. Harvey Cross were bridesmaids. They wore gowns of orchid styled identical to that of Miss Gougar. Each carried a bouquet of violets surrounded with lilies of the valley.

Ralph Swanson was best man. Ushers were Jerry Warning, Walter Gougar Jr., Wesley DePorto and James Warning.

Wesley DePorto and James Warning also served as candlelighters. The men in the bridal party wore white formal jackets with black trousers.

For her daughter's marriage Mrs. Warning selected an Alice

which is 16c per \$100 tax valuation and which decreases each year. The plant and all connecting tile will be maintained by the Sanitary district out of the tax money.

In case of a breakage of tile in front of individual property the district would repair it at their expense, not the property owners. After the installation of such a district and system it would be a permanent setup. It will be noted that such a district will not interfere with any present drainage district which may run in the same area, for instance the drainage district in the Mokena area which was created to carry away surface water; such district would continue to function as it always has.

But any sanitary system of tile already functioning will be taken over and maintained, by the new district, and such property owners will not pay again for the laying of tile, as they are already in.

This seems like it might be an answer to the sewage problems in this area, but Mr. Scarth is not taking any stand on the matter at present, until further study. He will ask representatives from local organizations to attend another meeting on this subject which will be held next Tuesday evening in the Washington school in Joliet. Only those so invited are to attend the meeting due to limited space.

Should these representatives of local organizations be favorably impressed with the idea, Mr. Scarth will then call a public meeting of all residents of Mokena, who will then be given an opportunity to discuss their individual problems. A qualified expert on the matter will be present at that time.

At the Tuesday evening meeting were men qualified in these problems, such as Clifford Williams, civil sewage engineer and Attorney Charles Robson who answered questions put to them on every phase of the matter.

It might be well to point out that Rockford organized such a sanitary district in 1935 at the tax rate of 16c and which rate now is reduced to 3.8c and that district now serves an area of 35 square miles, three times the population of the city of Rockford.

IT'S AMERICA'S "BEST SELLER"

Because it's America's Best Buy

Ford has pioneered in bringing the most
worth-while things to the most people...and more and more
people are now buying Fords

FOR A LONG TIME, people have recognized that Ford is the "Worth More" car. And they have been expressing their preference in a great and growing volume of purchases.

The reason is simple. More and more people have found in Ford everything they want and need.

If you're in the market for any new car, Test Drive a Ford and find out what a brilliant performer it is and you'll really understand why Ford is America's Best Seller and America's Best Buy.

In the first place: Ford offers the two most modern engines in the industry: a new 130-h.p. V-block V-8 and 115-h.p. I-block Six.

As for comfort—Ford is the only car in its field with Ball-Joint Front Suspension for handling and riding ease.

Choice, too, is a department where Ford excels. You'll find just exactly the car for you among the 14 body styles and more than 100 body color and upholstery combinations in Ford's three great lines.

Ford is a completely modern car. The advanced fine-car features that make it "Worth More" when you buy it, will also make it "Worth More" to someone else when you sell it.

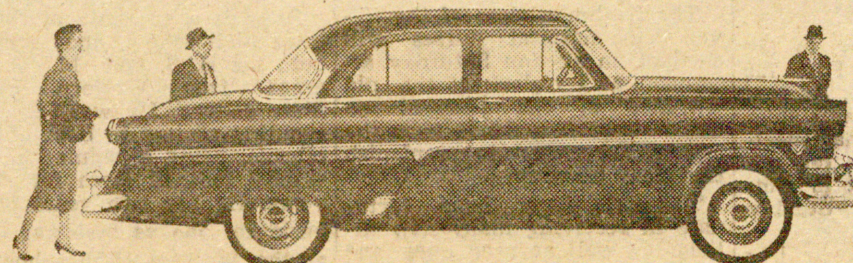

Why not accept our invitation to Test Drive a '54 Ford...and see why America's best seller is your best buy!

SUFFERS HEART ATTACK

As Fred Hentsch of Monkena
was, bringing a tractor on his
truck, Monday morning about
10 o'clock, to the Swanberg Farm
Auto service in Mokena for re-
pair, he suffered a heart attack.

He was just going to turn onto
route 45 from the Peotone road
when he felt ill and hailed a
passing motorist who came to his
aid. He took Mr. Hentsch to the
Hillman hospital at Manteno
where he was placed at once
under the oxygen tent. To date
he has not been able to be mov-
ed.

**TAX
FACTS**

By George E. Mahin, Executive Secretary
Taxpayers' Federation of Illinois

Do taxpayers have the "demo-
cratic right" to strike if they
don't like the way their govern-
ments are being run, George E.
Mahin, Executive secretary of
the Taxpayers' Federation of
Illinois, asked Carl J. Megel,
president of the American Fed-
eration of Teachers, Taxpayers
who have tried to strike against
the federal government by re-
fusing to pay taxes have ended
up in jail. Taxpayers who have
tried to strike because local
property taxes soared too high
ended up losing their properties
or paying the taxes plus stiff
penalties. And anyone promot-
ing or fomenting a taxpayer
strike could end up in jail for
conspiracy against government.

It's just as much conspiracy
against government for teachers
or policemen or firemen or gar-
bage collectors to halt govern-
ment operations by striking as
it is for taxpayers to halt gov-
ernment operations by not pay-
ing taxes. Taxpayers have No
Right to strike. Neither have
public employees whom taxpay-
ers support.

**See Illinois On
Spring Vacations**

For short or long spring vaca-
tions Illinois affords motorists a
wide variety of scenic grandeur
ranging from the cotton and
tobacco fields in the extreme sou-
thern counties to the majestic
palisades overlooking the Missis-
sippi river in the northern
area.

In connection with the "See
Illinois Now" program sponsored
by four State Departments, Gov-
William G. Stratton today urged
residents of the state to take the
"time now to learn more about
the great Prairie State in which
we live."

Illinois is a land of many con-
trasts," Governor Stratton said.
"Our great state affords a long
range of scenic beauty from the
Ohio river valley northward to
the Wisconsin state line. Our
state park system is one of the
finest in the nation."

VISIT ILLINOIS PARKS
Fort Massac State Park in Mas-
sac county: A view of 24 miles of
the Ohio river is one of the many
attractions afforded visitors to
this area which was established
as a state park in 1908. The site
was fortified by the French in
1757 shortly after the outbreak
of the French and Indian Wars. A
statue of George Rogers Clark
looking out across the Ohio river
is located at the river edge. Both
the French and English
occupied the site before it be-
came part of the United States.

Spitro Woods state park in
Macon county: This is considered
to be one of the most beautiful
areas of towering trees and shaded
ravines to be found anywhere
in the middle west. The land was
given to the state with the stipu-
lation that natural beauties be
disturbed as little as possible.

Blue Ballot Reapportionment Amendment

Inside Editorial Blue ballot 214
Prominent citizens from all over Illinois, the leaders of both political parties, and the leading business, labor, agricultural and civic organizations of the state have joined in support of the Blue Ballot Reapportionment amendment, which will be submitted to the voters at the November 2 general election.

The proposed amendment is a bi-partisan measure. It is the great opportunity of our time to make the Illinois Legislature more representative.

It has the support of people living in all parts of the state because it is a new approach to the problem—a fair compromise, recognizing the basic interests of Downstate, the city of

Chicago proper, and the suburban towns of Cook county, as distinct geographical units. It honors a long neglected requirement of our present state Constitution—one which was wisely drawn to assure that as Illinois grew in size, its system of true representative government would be preserved.

Some people in Illinois have developed the mistaken idea that reapportionment involves an issue of Cook county vs. Downstate. Actually, reapportionment is a matter of State Progress vs. Political Stagnation and when this fact is understood, it is believed the voters of Illinois will approve the Amendment.

CARD OF THANKS

I wish to thank my friends and relatives for the many gifts, cards and visits while I was a patient in the hospital.

ANDREW BRAASCH

Mrs. Mabel Ekberg and Mrs. Henrietta Sidel, employees of Oak Forest Infirmary, attended the Tri-State hospital convention at the Palmer House, May 5.

The "Lingerie" parties of the

American Legion Auxiliary of Orland Park, are sponsoring are gaining impetus. Last week, Edna Doctor, Sally Cooper, and Lillian Burkhardt of Mokena held a party. Mrs. Jessie Orr of Palos Heights will have a party this week, and there is a possibility of more coming up. The proceeds of these parties are to go into a special fund to raise money for equipment for the new Legion hall.

Mrs. Wesley Lindquist, Mrs. Lucius Patton and Mrs. Karl Ekberg attended the annual state convention banquet of the IFWC May 6. Mrs. Lindquist and Mrs. Patton who are members of the Orland Park club at-

tended the convention preceding the banquet.

Laurel camp 1796, RNA sponsored a "Coffee Klatch" last Thursday evening in the home of Mrs. Harold Schroats with 35 persons attending. Crazy bunco was played followed by refreshments served by Mrs. Mildred Schroats, Emma Jacobson, Irene Borge, Edna Doctor, Annice Reker, Mae Hebel, Mable Manske and Alvina Specht.

The Senior Girl Scout troop were registered recently and given their number which is 257. Plans are complete to go on a "Cook Out" hike Saturday, May 15. Mrs. Herbert Lucas, a leader and Mrs. Eric Enblom, co-leader, will accompany the girls.

Mr. and Mrs. Roy Loebe and family have returned from Florida where they spent the winter. The Methodist Men's club met last Thursday evening, May 6. After the business session, the men enjoyed a movie, "Honor Thy Family". Refreshments were served following the program. The next meeting will be Wednesday, June 9 at 8 p. m. Anyone interested are invited to join in the fellowship.

Sunday, May 23, the Orland Park Methodist church will observe "Family Day". It is hoped that all families will join in the service and be seated together. Mr. and Mrs. William Heiting and family of Homewood, Mr. and Mrs. Richard Ahlrip, of Orland Park, Mr. and Mrs. Jack Ivers and children and Mr. and Mrs. John McLaughlin of Chicago were Sunday supper guests of Mr. and Mrs. Harry Heiting.

Mr. and Mrs. Richard Ahlrip were Sunday dinner guests of Mrs. Edna Hiren. Mr. George Brier, father of Mrs. Carence Kramer suffered a stroke April 30. From last reports, he is doing nicely and hopes to have the use of his leg and arm. Mr. Brier is 80 years of age and has never been ill before this sudden attack. He is living with his daughter, Mrs. Edward Meyers at 8832 South Union street, Chicago. As Mr. Brier was a resident of Orland for many years prior to making his home in Chicago, cards from his many friends would be greatly appreciated.

William Murphy suffered a heart attack Saturday night and was taken to St. Francis hospital where he is receiving medical attention.

Mrs. Dora Young, 55, nee Woods of Cicero, died in a hospital Saturday night, May 8. She had been ill about five months. Her husband Chester is a brother to Mrs. Olive Rust, Mrs. Edna Doctor and William Young of Orland Park. Chester Young and family were former residents of Orland, living on 108th avenue. Besides her husband, she is survived by three sons, one daughter, and nine grandchildren. Funeral services were held Tuesday afternoon.

St. Michael's Bowling league wound up their activities for the season with a banquet Saturday night, in the new American Legion hall.

Frankfort Doctor On Board of Ill. Heart Association

At the annual meeting of the Illinois Heart association, held May 5-6 in Peoria, Dr. Carl J. Marienfeld, Frankfort, was elected as a member of the board of directors to serve a three year term.

At the annual meeting, seven new members were appointed on the board and eight members were reelected for a three year term. The new officers of the Illinois Heart association elected for the coming year are: president, Dr. James A. Walsh, Peoria; vice-president, Dr. Stanley L. Levin, Danville; secretary, E. L. Patison, Olin Industries, Alton and treasurer, Leonard J. Hoffman, Springfield Marine bank, Springfield.

The Illinois Heart association, an affiliate of the American Heart association, carries on a program of research, education and community service for persons suffering with heart disease.

James Tilsy Treats Kids to Plane Hop

Members of the boys' class of the Marley Sunday school were treated to airplane rides last Sunday afternoon by their teacher, James Tilsy who is a licensed pilot.

Henry Tilsy farm was converted into an airport to accommodate the two planes used to fly the boys. Mr. Tilsy piloted a two passenger ship, and Forrest George of Plainfield manned a single passenger plane.

Besides the children from the Marley church, youngsters from other Sunday schools and a few of their parents also went up for an aerial view of the country.

Tinley Company Gets Franchise

Tinley Park Hardware, 17314 Oak Park Ave., has been selected as outlet for M-E rotary tillers.

Because of their excellent record in selling garden and farm equipment in this area, this organization has been given a dealer franchise to sell and service Bolen's M. E. Rotary tillers in the Frankfort, Mokena, Orland Park, Palos Park, Palos Heights, Oak Forest and Tinley Park area.

Mr. Charles Smith, proprietor of the hardware store states that this tiller prepares the soil for planting, doing five jobs in one easy operation. Anyone interested in a demonstration may call Mr. Smith at KELlogg 2-4556 and make arrangements to see this machine in action.

Since many denominations are short of pastors, there are many guesses as to what is keeping young men out of the ministry.

Some say it is because of low salaries. But this is a retarding factor in only one case out of 25. Others blame the girl friends. But the facts show that more

boys were encouraged by the girls than were discouraged.

A study of 1978 ministerial students made by the Rural Church Department, Drew Seminary, Madison, New Jersey shows that the main retarding factors are none of these things. The reason young men do not enter the ministry is because no one has shown them why and how. No one has counseled with them or guided them.

The above report is entitled New Ministers. It covered 48 states and 20 of the major denominations. The report covers 30 pages and is being distributed upon request. This report shows that 83.5 per cent of the factors that keep men out of the ministry are simply because no person, no organization, no pastor or no parent is seeking to enlist them.

One student gave a representative statement, "My decision to enter the ministry would never have been made had not the pastor suggested it to me."

Serve Rhubarb In Many Ways

Rhubarb pie is such a favorite that it's no wonder some folks refer to rhubarb itself as pie plant. No matter what it's called, there's nothing like its refreshing tartness to pep up jaded winter appetites.

Why not vary your usual rhubarb pies by adding an orange and a dash of nutmeg to the filling? Or you might make rhubarb chiffon pie and serve it with shredded coconut atop the delicate pink filling.

But if you limit your family's enjoyment of rhubarb to its use in pies—good as they are—you will be missing some wonderful chances to add other highlights to your meals, believes foods specialist Patricia Wyatt of the University of Illinois.

Rhubarb served plain, as sauce or baked becomes a favorite fruit for breakfast or luncheon. You'll have a colorful and truly good appetizer if you sweeten fresh rhubarb juice with sugar or honey and add a dash of lemon or lime juice.

You'll find that rhubarb will form the basis for many delectable desserts, such as rhubarb crisp, rhubarb brown Betty, rhubarb cobbler, escalloped rhubarb, rhubarb meringue and rhubarb upside down pudding. Lots of good cookbooks include recipes for these taste tempting dessert.

Why not give your family a special treat, tonight?

An Ordinance

AN ORDINANCE CONCERNING DOGS

Be it ordained by the President and Board of Trustees of the Village of Tinley Park, Cook County, Illinois, that:

Section 1. License. Every person who harbors or keeps a dog of over the age of three months in the municipality shall pay an annual tax on such a dog of \$3.00, which tax shall be paid in advance on or before the first day of July of each year.

The Clerk shall keep a record of all dog taxes paid and shall furnish to each person paying such tax a metal tag having stamped thereon numbers indicating the year for which the tax is paid. A duplicate to be issued by the Clerk to replace a lost or destroyed tag on the payment of twenty-five cents.

The tax required by this ordinance shall be paid to the Clerk and shall be by him turned over to the Treasurer within twenty-four hours from receipt thereof.

Section 2. Tags. It shall be unlawful to permit any dog to be on any public street, sidewalk, alley or other public place unless such dog has a collar firmly attached around his neck with a license tax for the current year attached to such collar.

Section 3. Running at large. It shall be unlawful to permit any dog to run at large within the municipality. Any dog found upon any public street, sidewalk, alley, parkway or any unenclosed place shall be deemed running at large unless such dog is firmly held on a leash or is in an enclosed vehicle.

Section 4. Inoculation. It shall be unlawful to permit any dog which is not on a leash under control, or muzzled to be in any public street, parkway, sidewalk, park, in any store or place of public gathering or in any place in the municipality other than in an enclosed area unless such dog has been inoculated against rabies by a licensed veterinarian within the preceding year.

Section 5. Dog bites. It shall be the duty of the owner of person having custody of any dog which bites any human being to keep such dog locked up in an enclosure for a period of two weeks following the time the dog has bitten a person and to have the dog examined by a physician or licensed veterinarian at the commencement and termination of this two week period. If such dog during this period shall die or shall show definite signs of illness, it shall be the duty of such owner or person having custody of the dog to turn the dog over to the health officer or Chief of Police so that it can be determined whether or not the dog had rabies.

Section 6. Impounding. Any dog found upon any public street or highway running at large, or any dog which the annual tax has not been paid as hereinabove provided, shall be impounded by the Police Department. If such dog shall not have been redeemed within five days after being impounded, it shall be disposed of in the manner prescribed by the Board of Trustees.

Any dog impounded may be redeemed by the owner upon payment of a fee of twenty cents a day for each day the dog has been impounded, plus a release fee of One Dollar and the current tax, if the same is unpaid. Such fees shall be paid to the Clerk of the Village of Tinley Park.

Section 7. Penalty. Any person, firm or corporation violating this ordinance shall be fined not less than One Dollar nor more than Fifty Dollars for each offense, and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

Section 8. Definition. The

term "dog" as used in this ordinance includes any canine three months or more of age.

Section 9. This ordinance shall be in full force and effect from and after its passage, approval and publication as required by law.

Passed this 7th day of April, 1954.

From where I sit... by Joe Marsh

The "Write" Prescription

Noticed three half-finished letters lying on the counter down at Jones' Drug Store last week. "Writing three at once, Doc?" I asked.

"No," Doc said, "you are—you and the rest of the town. Those are for the boys from our town who are at the National Guard encampment."

"Everyone who comes in adds a line or two, and when a couple of pages are filled, I mail them. That way the boys hear from folks who might not write otherwise. They sure do enjoy it."

From where I sit, little things can add up pretty big. A few short notes make a letter. Boys from our little town help build up a strong National Guard to protect our freedom. Even freedom is made up of a lot of things—living where we like, voting the way we think is right, choosing between coffee, tea, or beer at dinner. And anything that adds up to freedom gets my stamp of approval.

More power for you

with the
2-plow CA

We have it — more work power for you — in the Model CA
Tractor. With two 14-inch plows, it walks right along in 2nd
in toughest soils. Why?

1. The rugged Allis-Chalmers engine delivers 23.55 draw-
bar hp. and 26.62 belt hp. at only 1650 rpm.
2. AUTOMATIC TRACTION BOOSTER, the new engi-
neering principle that puts horsepower completely to
work. Implement weight is transferred automatically to
rear wheels as needed.

SNAP-COUPLER eliminates time lost in all job change-
overs with both mounted and trail-type implements. When it's
time to cultivate, power-shift wheels are spaced in minutes.
For harvesting, the CA's two-clutch system lets you stop
forward motion without slowing power take-off speed. Power
used in ground travel is released to the P.T.O.

Let us demonstrate this new Allis-Chalmers power on your
farm. It's built to earn a profit.

SNAP-COUPLER is an Allis-Chalmers trademark.

Add Three Big New Features for Riverview Season

Three major new features
have been added to the 100 odd
attractions at Riverview Park
the world's largest amusement
park, for the 1954 season which
will open May 19 as the be-
ginning of the fun centers sec-
ond half century of operations.

"Flying Cars," specially im-
ported from England to make
its American debut at River-
view, is one of the new features
and one of the most spectacular
spectator-participant rides ever
perfected.

"Flying Cars" is a ride in
which a large, barrel like cham-
ber revolves, while small cars
on tracks around the interior of
the barrel, carry the passengers.
The cars can be locked to the
tracks, and go around with the
barrel, or can run freely on the
tracks, racing back and forth as
the chamber revolves. Spectator
accommodations give ample
view of the riders' activity and
excitement.

Second of the new features

for the 51st Riverview season is
"Dancing Waters," the electron-
ically controlled fountain of
water jets which sway, change
formation, and actually dance to
musical accompaniment.

As a summer long totally free
exhibit, Riverview this year will
present a gigantic Civil Defense
display, installed and supervised
by the Federal agencies re-
sponsible for civilian safety in
wartime. School, industrial, and
community groups have evinced
unusual interest in this highly
educational exhibit.

Christian Science Churches

That man can gain health, hap-
piness, and immortality by rely-
ing on the spiritual facts of God
and man taught by Christ Jes-
us will be emphasized at Chris-
tian Science services Sunday.

The Lesson-Sermon, entitled
"Mortals and Immortals" in-
cludes the account from the
Bible of how Christ Jesus re-
stored to life the only son of the
widow of Nain (Luke 7:11-16).

Explaining the basis of Christ
Jesus' healing power, the follow-
ing passage will be read from
"Science and Health with Key

to the Scriptures" by Mary Bak-
er Eddy:

"Jesus never asked if disease
were acute or chronic, and he
never recommended attention to
laws of health, never gave drugs
never prayed to know if God
were willing that a man should
live. He understood man, whose
Life is God, to be immortal, and
knew that man has not two liv-
es, one to be destroyed and the
other to be made indestructible"
(369:16).

"Spring means that the motor-
ist must be doubly alert," Mrs.
Priest pointed out. "Not only
does spring bring more cars to
streets and highways, but it is
also a period of greater outdoor
play and activity by children.
Therefore, motorists should drive
with extreme caution near play-
grounds, schools, residential areas
and other places where children
may congregate."

Two residents of Alpine were lucky to have escaped injury Thursday when the car of one was damaged in an accident and a tractor turned over with the other.

Stuart Culp's car was badly damaged in a collision with another car while enroute to his place of employment in Chicago Heights Thursday morning. Occupants of both cars were uninjured.

That evening Edward Mrosek while trying to dislodge a disk that was stuck in the field suddenly became aware that the tractor he was operating was in motion even though the disk he was watching wasn't moving. Looking forward he beheld the tractor rearing back at him. Whether he fell or jumped he doesn't know but he hit the ground on a shoulder and managed to roll to safety. The tractor came to rest bottom side up.

A meeting of the Maue PTA board was held in the home of Mrs. Chester Williams Thursday evening. Plans for the regular monthly meeting were discussed. The school picnic was scheduled for the Sunday afternoon of June 6 at Messenger Woods.

Mrs. Roy Walker, sons Jimmy and Arthur, were among those from the Marley Community Baptist church to be treated by James Tilley and George Marti to plane rides from the Tilley field Sunday afternoon.

Rev. and Mrs. Ray Hamer Sharon and Gary, of Blandensville, joined a family gathering Sunday evening and stayed overnight at the home of her parents Mr. and Mrs. Garrett Cummons.

Mrs. Stuart Culp entertained 17 guests at a copper party in her home Wednesday afternoon. Bob Liess, Louis Froemel, John Semetis and sons John and Jack, recently returned from a five day fishing trip to the Magazine Mountains in Arkansas.

Good fishing and weather that stayed in the upper nineties and gave them a good suntan made their vacation a pleasant one.

Reed and Chal Williams, Tom.

my and Pamela Cripps, Arthur Maue and Bobby Stellwagen accompanied by Mr. and Mrs. Chester Williams attended the play "The Emperors New Clothes," given by the Dramatics club of the Orland-Palos high school at the school Saturday evening.

Mr. and Mrs. Albert Reeves, Walter, Larry, Marvin and Margaret Ann visited at the home of her brother, Mr. and Mrs. Roy Janes in Riverdale and at the home of her sister, Mr. and Mrs. Russell Wirt in Dolton Sunday.

The Alpine Girls 4H club will hold its annual picnic Saturday afternoon May 15. Mothers and all interested girls will be welcome to attend as guests. The picnic may be concluded with an interesting field trip. All are to meet at the Harwood Stellwagen home at 12:30 pm.

Mrs. Edward Mrosek enjoyed talking long distance with her mother, Mrs. O. B. Johnson, in Seattle, Wash. Sunday morning. In the afternoon the Mroseks visited with his parents, Mr. and Mrs. Gurt in Chicago.

Mr. and Mrs. Harry Taylor of Chicago visited with his son and family Mr. and Mrs. Deen Taylor Sunday.

New Chrysler Car Models in Demand

Two special Spring show lines, designed originally for display in a limited number of markets, proved so attractive to Chrysler dealers attending a meeting recently in Detroit that production has been upped 350 per cent, reports E. M. Braden, general sales manager, Chrysler division.

Called the Golden Falcon and the Bluebird the cars are available in eight different models and feature special colors, fabrics and equipment.

The Golden Falcon, with gold lower body and light gray top features interiors tailored in gold nylaid and light gray-leather fabric.

Window frames, door panels head lining and floor carpets of gold set a new high in interior design.

The Bluebird models have light blue lower bodies and tops

BABSON SAYS—

Financial Bureau, Inc.

BABSON DISCUSSES REASONS FOR LAYOFFS

I am convinced that the pres-

ent figures on unemployment are very misleading. With retail sales holding up reasonably well, these figures surely are not due to any so-called "Business Depression." The public must learn that we can now have both unemployment and reasonable pros-

perity at the same time.

The basic reasons for the present number of unemployed are: (1) our increased population; (2) the large number of women employed; and (3) the constantly increasing number of able-bodied persons over 65 years of age. It can honestly be said that many in this older-age group are category who would not have been so classified some years ago. The vitamin pills taken by older people undoubtedly keep them in the "employable" ranks longer. There are about 7,000,000 more of these people now than there were 25 years ago!

The constant introduction of new automatic machinery results in both unemployment and continued prosperity. One of my associates just visited a chemical plant where three men are now doing the work of eighty men. Fertilizing plowed fields has been done by just hauling fertilizer in bags to the field, opening the bags and sprinkling the fertilizer by hand. Now an airplane loads with fertilizer at the factory and carries it in bulk to the fields, where it is sprayed on the ground from the air. No manual labor, no bags, and better results.

The rapid increase in self-service stores and coin machines is another illustration of how greater sales are handled with fewer clerks. This also reduces chances of loss to the store from dishonest clerks who do not ring up sales properly. The practice followed by most modern super-markets will be adopted by many stores in other lines. All these changes have been forced upon manufacturers and merchants by union labor leaders. And the resultant unemployment is due to prosperity — not to depression.

All these plans for saving up throughout the Truman Administration. The labor leaders demanded higher wages; the consumers resisted higher prices; so there was only one thing for the manufacturer and the merchant to do—namely, introduce automatic machinery both for producing and for selling goods. Furthermore, the nation is just starting on his new departure. To hold one's job in the future one must take a greater interest and do a better work both at the bench and at the counter.

The above facts are why I say that 1954 can be a fair year notwithstanding an increase in the number of unemployed. The following figures are interesting and important. At the top of the last big boom in 1928-1929, 1 per cent of the population was unemployed. In the 1932, at the depth of the depression, 9 per cent of the population was unemployed. Today, with a population of

161, 000,000 people, only 2 per cent is unemployed. There will not be much unemployment when spring building gets into full swing.

Readers will say: "But these unemployed people cannot buy goods unless they have wages. And, unless more goods are bought, unemployment will continue." But Washington will continue. (1) an increase in the minimum wage for those who are employed; (2) a reduction in the legal hours for a working week. This would mean reducing the 40-hour week to 35 or 37 1-2 hours.

My forecast is that there is no permanent solution of the problem. It will always be a race between labor leaders, for higher wages or shorter hours—and the employers, for more automatic machinery. Sometimes labor will be ahead; other times the employers. Labor has been on top the past 20 years. Now the employers are having their turn. So it goes! Let us hope the employers will not overreach for at least another 20 years.

Important Fight on Radio-TV Friday

Ralph "Tiger" Jones, the number three challenger for the middleweight crown, and Jacques Royer-Crecy of France, a dark horse for similar honors meet in a scheduled 10 round match as the regular Friday May 14, feature of the Gillette Cavacade of Sports. The efforts of the latest European import to scramble the 160 pound class rankings will be carried on the NBC television and ABC radio networks starting at 10:00 PM (EDST).

Out of action for six months with a damaged arm, Tiger Jones celebrated his return recently by knocking Bobby Dykes, Ralph's showing in this and a subsequent bout with Billy McNece catapulted him to the number three spot in his class. His rugged, slam bang style has gained 31 victories for Jones since turning pro in 1950. In addition to Dykes and McNece Johnny Bratton, Danny Womber and Jimmy Herring have been on the short side of the officials' score cards in their appearances against the Tiger.

Royer-Crecy, 26 year old native of Chateau Thierry, relinquishes his French middleweight crown early this year to come and seek world honors. His two bouts to date include a victory via the kayo route, and a split decision loss that was hotly disputed and referred to as a home town victory for his New Orleans opponent. The automobile mechanic with a

record of 20 kayos in 49 appearances, 5 of championship calibre, will employ all of his ring know how in his first TV appearance to place himself among the elite of the middle-weight group.

Industry Offering Two Awards To Seniors

What business can and will do for youth is being tangibly demonstrated with the announcement today by County Superintendent of Schools, Noble J. Puffer, of a double scholarship award by Michael R. Notaro, president, Statistical Tabulating Company, 53 W. Jackson Blvd., Chicago, Illinois.

The awards are \$500 in cash and will go to two students either boy or girl from Cook County's twenty-five suburban high school graduating classes. One is a \$500 scholarship award to the senior student deemed best fitted to benefit through attendance at a college, university or business school of his or her choice. The other award will go to a senior student not planning to attend college or university and will consist of \$500 cash, in addition to an opportunity for on the job training.

Each high school will make a selection of two students, one for each category and students selected will be judged on the basis of scholarship, character, extra-curricular activities, and ability to profit from either college training or business experience.

One of the finalists selected by a committee of business and professional leaders will be a youth eager to enter business or industry immediately, Superintendent Puffer explained, while the other will be a young man or woman with a long-range view who wishes to prepare for a career thru college training.

SALE OF FIREWORKS ILLEGAL IN ILLINOIS

Attorney General Latham Castle reiterated today in an official opinion that offering for sale at retail or sale at retail of fireworks "producing either audible or visual effects" is illegal in Illinois.

The opinion further made it plain that a person who uses or explodes such illegal fireworks is violating the law.

The Fireworks Act, Attorney General Castle advised State's Attorney Ben F. Railsback of Tazewell county, prohibits retail offering for sale or sale at retail the use or explosion of "blank cartridges, toy cannons using explosives, balloons propelled by fire

underneath, firecrackers, torpedoes, skyrockets, Roman candles, bombs or any other fireworks producing either audible or visual effects."

COOK COUNTY CLEAN STREAMS COMMITTEE

By William N. Erickson, President Board of Forest Preserve Commissioners

Home owners in some of the new housing developments which have sprung up in the past few years are now facing a serious problem. Too late, they are finding out that a septic tank is often not the solution for their sanitary district. In such cases, itary conditions have developed which are dangerous to health and are contributing to the pollution of the streams in Cook County.

Much of these subdivisions are in unincorporated areas without sewers and water supply. Some are outside the boundaries of any sanitary district. In such cases, they have blindly depended upon individual septic tanks and tile to take care of the sewage from each home. Frequently, the location is not suitable for this arbitrary method of sewage disposal. It simply cannot do the job.

A septic tank is for the purpose of removing and digesting the solid matter. The liquid effluent is supposed to seep away through a system of tile drains. In low poorly-drained mucky areas, and in higher locations where the soil is a tight clay, the liquids are absorbed in the ground and must flow out over the surface. The result is a health hazard in their vicinity and in the streams to which they eventually find their way through ditches or storm drains.

The Board of County Commissioners passed an ordinance on March 30 which strikes at the root of this situation. Acting under the provision of a new law enacted by the Illinois legislature in 1953, the board amended the regulation and procedures governing approval of maps and plots of proposed subdivisions in unincorporated areas. If individual sewage disposal units are to be used, such as septic tanks and seepage systems, then the plat and a certification by the subdivision must be accompanied by the data on "percolation tests" made by a qualified professional engineer. These tests certify whether or not the property is capable of maintaining safe and adequate individual sewage disposal systems.

William N. Erickson, president of the board, has instructed the Cook County Department of Public Health and the Clean Streams Committee to prepare and distribute information on the use and limitations of septic tanks including the dangers which may arise under certain conditions such as may occur when the individual lots are too small and where the soil has not sufficient permeability. This, Erickson said, would also help future builders or buyers in subdivisions approved before the new ordinance was enacted.

HEALTH HORIZONS

How to be Safer on the Road

When you take out your car, you certainly don't expect to end your drive as a statistic, but every day many people do. On the basis of past experience the year 1954 can be expected to produce about 40,000 deaths and more than a million injuries on American highways. The odds against you get worse each year.

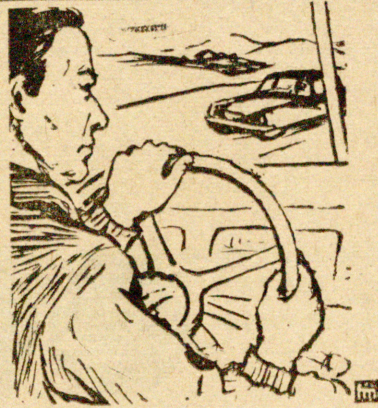

We call these "accidents." But do they just happen? Everyone involved in the study of our horrifying accident rate says a big NO, reports Spectrum, Pfizer's medical news service for doctors. And, they add emphatically, the major cause is not our roads, or our laws, or the traffic, but the driver.

Health Hazards on the Road

Have you ever asked your doctor whether or not you have any condition that would make you unsafe—to yourself or to others—behind the wheel of a car? How long is it since you had a good eye examination? Maybe you're not troubled with any obvious visual defects, but there are dangerous conditions—such as limited peripheral vision, poor depth perception, or defective muscle balance—that are often unsuspected. Do you use any medicine that might influence your vision, or your quickness of reaction, or make you drowsy? Anything that affects your attentiveness, coordination and judgment—even indigestion or a bad cold—can affect your safety, the experts have found.

What Your Emotional Make-up Can Do

What you think and feel may be even more important than your actual physical condition. This has been proved time and again

in investigations of professional drivers. Men with the worst accident records also have records of domestic and social difficulties. "A man drives as he lives," accident authorities say. Do you have domestic troubles? Or have frequent disagreements with others on your job? How do you feel about your "superiors?" People with emotional problems often create problems—and tragedies—on the road.

Maybe you can't change your nature or solve all your worries, but you can profit by realizing that you're in a vulnerable position. When you're worried or upset, try to stay off the road. If you can't, at least be especially careful. Irritation and driving don't mix any more safely than alcohol and gasoline.
